Stronger Together

I have often thought that Christians could be more effective if we worked together as one. With so many different churches and organizations, each with their own ministries, it seems like we would benefit greatly if we could work together, pooling our time and resources to become a major force in our world.

One organization that is doing just that is Alliance Defending Freedom (www.adflegal.org). As their name says, they are an alliance of organizations working to defend our religious freedom in the United States.

In their own words: "Alliance Defending Freedom is an alliance-building legal ministry that advocates for the right of people to freely live out their faith. Since our nation's birth, religious freedom has been the bedrock principle upon which our society thrives. The First Amendment to the Constitution is unwavering in its affirmation of this precept. Our Founding Fathers knew it was the most basic and inalienable right. Through our legal alliance, we strive to see a world whose law affirms religious liberty both publicly and privately, protects life from conception to natural death, and defends the natural family, including marriage between one man and one woman."

Prayer Chain Online is happy to partner in prayer with this God-honoring organization. Please pray with us that God will bless their ministry and help them as they face fierce opposition in a morally-corrupt world.
